The University of Kentucky, Center for Business and Economic Research, and the University of Louisville, Bureau of Economic Research, are required to annually prepare jointly and submit to the Governor, the General Assembly, and the board a report detailing and grading Kentucky's progress with regard to each benchmark. The board shall publish the report and make it available to the public at no cost. The Partnership Board is required to evaluate the effectiveness of established implementation activities. The Partnership Board must conduct periodic evaluations of projects funded or otherwise assisted by the cabinet to determine the return on cabinet investments and to ensure compliance with commitments made as conditions of cabinet investment. Results of the evaluations shall be reported to the board, the General Assembly, and the public. And the Partnership Board may retain outside independent agencies to evaluate the effectiveness of economic development programs and systems and to certify the results of reports.
